# Online Course Adoptions 3

The Online Course Adoptions application enables faculty to select the textbooks which they require for their courses and notify the bookstore of their selection through the bookstore's website. As it is web-based, Online Course Adoptions can be accessed from anywhere, enabling professors and instructors to order their books for a new term without having to come into the store or even on campus.

In addition to adding new books to a course, the textbooks which were used for the course in previous semesters are listed by the Online Course Adoptions application, making it easy to adopt the same materials again.

## Accessing the Website – placing an order

Our course materials ordering system, **OCA**, is integrated with the **UBC CWL Authentication** system for a seamless login experience.

**Instructors:** To access the Online Course Adoptions website, visit: <https://the.bookstore.ubc.ca/Oca/>  
A **CWL login is required**; if you don't have one, your department can assist you with this.

**Coordinators:** Please contact us at: [ubc.textbooks@ubc.ca](mailto:ubc.textbooks@ubc.ca) so we can arrange to add you as a coordinator to the classes you wish to submit course materials orders for.

# FAQ

**Once I've submitted an order, how can I submit another?**

Go back to the Courses tab, select another course and start an adoption.

**What if I can't find my course in OCA?**

If your course isn't listed under *My Courses* in OCA, first check under the *All Courses* to see if the course is listed there. If it isn't listed there, you can add a course by selecting the *New Course* tab and following the 2 (b) on page 3 of this guide.

**How can I change the books on my course after submitting the adoption?**

Currently, there is no option through OCA to change an adoption that has been submitted. You would have to cancel your adoption and re-submit it.

**How can I tell if my adoption was submitted?**

To confirm your adoption was completed successfully, go to the *Complete* tab, select *Resume Adoption* for the course you'd like to check and ensure the item is listed there. Another way to confirm your adoption was completed successfully is to check your email and make sure you've received the *Completed Adoption* email.
